

# Vern Patrick Elementary's Wellness Committee Received a Fuel Up to Play 60 GRANT!

The grant will fund **two** additions to VP:

## 1- Recess Equipment and Carts for EACH Playground

We are developing a Jr.Coach Program for students who show leadership on the playground by inviting others to play, follow the rules, and helping to make sure ALL equipment is returned to carts.

**2-Smoothie Cart** -- This includes two Vitamix blenders so classes can have smoothie celebrations for special occasions; an exciting option to the standard cupcake (see the back side for more information).

Students have an opportunity to learn more about healthy eating and physical activity at [www.fueluptoplay60.com](http://www.fueluptoplay60.com)! Log in today and become part of the *Vern Patrick Wellness* team!
